## **SUMMARY**

I am an expert in language and reading acquisition in monolingual and bilingual children, both in typical and neurodevelopmental contexts. My most prominent scientific achievement is the co-authoring of the method of developing LITMUS Cross-Linguistic Lexical Tasks CLTs: a method to assess vocabulary in bilingual children, available currently in 38 language versions (<https://multilada.pl/en/projects/clt/>; Haman, Łuniewska & Pomiechowska, 2015). Participating in the development of numerous CLT versions has given me the opportunity to work closely with researchers from over 40 countries and has resulted in publications on the age of word acquisition in 32 languages (Łuniewska et al., 2016; Łuniewska et al., 2019), and on vocabulary acquisition by monolingual and bilingual children in various cultural settings.

## **RESEARCH INTERESTS**

Psycholinguistics	language acquisition; cross-linguistics research; developmental language disorders; bilingualism; vocabulary knowledge; lexical processing; reading skill development
Psychometrics	designing tools for assessing language skills

## **EDUCATION AND WORK**

since 10.2020	<b>Assistant Professor</b> University of Warsaw, Faculty of Psychology
11.2020	<b>PhD in Neurobiology</b> Thesis entitled: „Phonological deficit and (lack of) visual attention deficit in developmental dyslexia”: Supervisor: prof. dr hab. Katarzyna Jednoróg Nencki Institute of Experimental Biology, Polish Academy of Sciences
09.2018	<b>PhD in Psychology</b> Thesis entitled: „Vocabulary size and organization of the mental lexicon in typically developing children and children at risk of specific language impairment SLI” Supervisor: prof. dr hab. Ewa Haman University of Warsaw, Faculty of Psychology
07.2013	<b>MA in Psychology</b> Specialization: Applied Psychometrics University of Warsaw, Faculty of Psychology
11.2012	<b>BSc in Mathematics</b> Specialization: Applications of Statistics in Biology and Medicine University of Warsaw, Faculty of Mathematics, Informatics, and Mechanics

## BREAKS IN RESEARCH CAREER

from 11.2021	<b>maternity leave</b>	from 09.2018	<b>maternity leave</b>
to 05.2022	child born in 11/2021	to 09.2019	child born in 09/2018

## RESEARCH EXPERIENCE

since 12.2024	<b>Parenting in a non-native language: quantity, quality, and consequences for child development</b> Position: <b>principal investigator (PI)</b> Funded by: National Science Centre University of Warsaw, Faculty of Psychology
from 10.2020 to 12.2024	<b>Parental questionnaire based on Cross-Linguistic Lexical Tasks (CLTs) as a screening tool for assessment of vocabulary size in children aged 3;0 – 5;11</b> Position: <b>principal investigator (PI)</b> Funded as: Excellence Initiative - Research University; New Ideas grants for parents University of Warsaw, Faculty of Psychology
from 09.2022 to 12.2024	<b>Lexical development in a comparative perspective: creating new language versions of Cross-Linguistic Lexical Tasks CLT</b> Position: <b>post-doctoral researcher</b> Funded as: Excellence Initiative - Research University (2020-2026) University of Warsaw, Faculty of Psychology
from 11.2019 to 10.2024	<b>StarWords: New perspectives on assessing early language development in mono- and bilingual context: a web-based interactive parental report in a longitudinal study</b> Position: <b>investigator</b> Funded by: National Science Centre University of Warsaw, Faculty of Psychology
from 11.2020 to 03.2024	<b>PolkaNorski: Polish and Norwegian language and world knowledge development in mono- and multilingual children</b> Position: <b>investigator</b> Funded by: National Science Centre University of Warsaw, Faculty of Psychology
from 11.2018 to 09.2022	<b>Design of diagnostic tools for cognitive assessment of children</b> Position: <b>specialist in psychometrics</b> Funded by: Polish Ministry of Education and Science Educational Research Institute
from 02.2017 to 02.2022	<b>The role of visual crowding in developmental dyslexia</b> Position: <b>principal investigator (PI)</b> Funded by: National Science Centre Polish Academy of Sciences, Nencki Institute of Experimental Biology
from 10.2015 to 11.2020	<b>Searching for mechanisms of dyslexia: a multidimensional study of cognitive deficits and their neural underpinnings</b>

	<b>Position: PhD student</b> Funded by: National Science Centre Polish Academy of Sciences, Nencki Institute of Experimental Biology
from 09.2013 to 09.2015	<b>Specific Language Impairment (SLI) – diagnosis and intervention</b> <b>Position: specialist in research and analyses</b> Funded by: Polish Ministry of Education and Science Educational Research Institute
from 07.2013 to 07.2017	<b>Vocabulary size and organization of the mental lexicon in TD children and children from the group under the risk of SLI</b> <b>Position: principal investigator (PI)</b> Funded by: Polish Ministry of Science and Higher Education as “Diamond Grant” University of Warsaw, Faculty of Psychology
from 03.2013 to 08.2016	<b>Verification of early diagnosis of developmental dyslexia based on behavioral and neuroimaging methods</b> <b>Position: investigator</b> Funded by: Polish Ministry of Science and Higher Education Polish Academy of Sciences, Nencki Institute of Experimental Biology
from 03.2013 to 08.2016	<b>Decoding dyslexia – functional organization of letter-speech sound association in children at risk of developmental dyslexia</b> <b>Position: investigator</b> Funded by: National Science Centre Polish Academy of Sciences, Nencki Institute of Experimental Biology
from 02.2015 to 06.2016	<b>Bilingual assessment of child lexical knowledge: new method for Polish, Czech, Slovak and Hungarian</b> <b>Position: Polish coordinator</b> Funded by: Visegrad Fund University of Warsaw, Faculty of Psychology
from 06.2011 to 04.2015	<b>Cognitive and linguistic development of Polish bilingual children: risk and opportunities at the school entrance age</b> <b>Position: research assistant</b> Funded by: National Science Centre University of Warsaw, Faculty of Psychology
from 03.2011 to 05.2013	<b>Language Impairment in a Multilingual Society: Linguistic Patterns and the Road to Assessment</b> <b>Position: working group member</b> Funded by: COST IS0804
from 11.2009 to 08.2012	<b>Studies in development of mental lexicon in children age 2 to 6 (part 2.)</b> <b>Position: project manager, research assistant</b> Funded by: Polish Ministry of Science and Higher Education University of Warsaw, Faculty of Psychology

## TEACHING EXPERIENCE

- 2015 to 2024    **University of Warsaw, Faculty of Psychology:**  
Experimental Psycholinguistics (2022 – 2025)  
Psychological and sociological methodology for speech and language therapists (2024)  
Experimental Psychology (2015 – 2017)  
Experimental Semantics: Eye tracking (2019)  
Introduction to Cognitive Neuroscience (2022 – 2024)  
Using Excel in Research (2014 – 2024)  
Statistics (2017)  
MA and BSc seminars for psychology and cognitive science students (3 BA students and 3 MA students defended their theses; 2018 – 2024)
- SWPS University, Faculty of Psychology:**  
Bilingualism and multilingualism in intercultural communication in family, school and business (2024)
